CONCEPT

ACTIK CORE

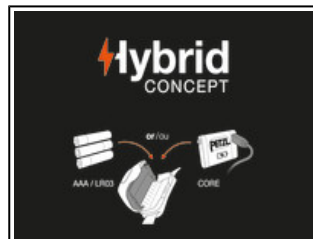

The rechargeable ACTIK CORE headlamp offers 350 lumens of power which, combined with its mixed beam, makes it ideal for outdoor activities like mountaineering, running, hiking and backpacking. A HYBRID headlamp that comes with CORE, a battery that is rechargeable via standard USB port. It is compatible with standard batteries without the need for an adapter. Red lighting preserves night vision and prevents blinding other members of the group. Its reflective headband helps you to be seen when a light is shone on it, and is equipped with an emergency whistle for rescue situations.

Multi-beam headlamp designed for proximity lighting, movement, and distance vision. White and red lighting for nocturnal stealth.

Simple charge via battery via the micro USB port.

ACTIK CORE is a HYBRID headlamp: it comes with the CORE rechargeable battery, and is also compatible with three AAA/LR03 batteries.

Adjustable elastic headband with emergency whistle.

Short Description Rechargeable, compact. multi-beam headlamp with red lighting, designed for outdoor activities. 350 lumens

- Selling Points**
- Powerful (350 lumens), versatile headlamp
